SUMMARY

Dedicated Full Stack Developer with **4.10+ years of experience** in building dynamic web and desktop applications. Skilled in the **MERN stack** and modern JavaScript ecosystem. Proven ability to deliver scalable, high-quality, and enterprise-grade solutions while collaborating effectively with cross-functional teams.

EXPERIENCE

Sr. Full Stack Developer | LTIMindtree

Aug 2024 – Present

- Engineered Node.js services to fetch business emails, process metadata, and extract critical information from ACCORDS PDF files.
- Structured account-level metadata and routed requests via Kafka for subsequent processing, ensuring data integrity and efficiency.
- Collaborated with cross-functional teams to deliver high-performance, enterprise-grade solutions.

Full Stack Developer | Kochar Infotech

Jan 2021 – Jul 2024

- Led backend development using **Node.js** and **NestJS**, optimizing APIs for seamless frontend integration.
 - Managed **MongoDB databases**, including schema design, query optimization, and data manipulation.
 - Developed cross-platform desktop applications using **Electron.js**, ensuring stability and scalability across operating systems.
 - Maintained high code quality through rigorous code reviews, testing, and adherence to best practices.
-

KEY ACHIEVEMENTS

- Designed and developed a **comprehensive Employee Activity Monitoring System** meeting compliance standards.
 - Built and maintained **cross-platform desktop applications** with Electron.js, ensuring stability and smooth UX.
-

PROJECTS

- **Employee Activity Monitoring Tool** – Developed an end-to-end monitoring system with lifecycle management (data collection → reporting).
 - **Desktop Applications** – Built cross-platform desktop apps with Electron.js for enterprise usages.
-

SKILLS

- **Languages:** JavaScript, TypeScript
 - **Frontend:** React.js, Redux
 - **Backend:** Node.js, Express.js, NestJS
 - **Databases:** MongoDB, PostgreSQL, Redis
 - **Tools & Tech:** Kafka, Microservices, Electron.js, AWS, Docker, Git
 - **Methodologies:** Agile, REST APIs, OAuth, JWT, Keycloak
 - **Languages (Human):** Hindi (Native), English (Proficient)
-

EDUCATION

B.Tech in Information Technology

Amritsar College of Engineering & Technology | 2016 – 2020

TRAINING / COURSES

- **MERN Stack Developer** – DCT Academy, Bengaluru
